

## Consolidated Communications Launches New Data and Voice Offering for Small and Medium Businesses in Illinois, Minnesota, North Dakota and Pennsylvania

September 17, 2018

### **BusinessOne solution provides added flexibility and reliability for data and voice services at more competitive rates**

MATTOON, Ill., Sept. 17, 2018 (GLOBE NEWSWIRE) -- [Consolidated Communications Holdings, Inc.](#) (NASDAQ: CNSL), a leading broadband and business communications provider, today announced the launch of its BusinessOne solution in the company's Illinois, Minnesota, North Dakota and Pennsylvania service areas. BusinessOne provides bundled high-speed data and voice solutions specifically designed to meet the needs of small and medium-sized businesses. The solution provides businesses options and flexibility for voice and data services, including a dedicated connection that ensures reliable access to highly-available bandwidth at all times.

The **BusinessOne Premier** bundle offers symmetrical data speeds and is an ideal solution for small and medium-sized businesses offering highly reliable, dedicated bandwidth coupled with flexible voice options. **BusinessOne Basic** offers a competitively priced bundle that meets the everyday needs of many small businesses with a dedicated and reliable connection that is scalable based on customer needs.

In addition to reliable data connections, businesses can choose from traditional analog phone service or a next-generation VoIP solution over an advanced data connection, which provides a powerful, feature-rich virtual phone system.

"Small and medium-sized businesses have a need for robust technology and communications solutions, including fast, reliable broadband connections and phone services that keep their business connected, and Consolidated Communications understands these needs," said Doug Abolt, vice president of commercial product management at Consolidated Communications. "Our BusinessOne solution provides a simple, yet flexible and competitively priced suite of advanced data and voice services, specifically engineered to the unique business needs of small and medium-sized businesses."

Backed by Consolidated Communications' national fiber network and experienced local teams, BusinessOne offers small and medium-sized businesses increased flexibility and choice to help them with their technology and communications needs now and in the future.
