

Consolidated Communications Partners with Pax8, the Leader in Cloud Distribution, to Enhance its Cloud Services

September 21, 2020

Partnership will result in simplified ordering and fulfillment for business customers

MATTOON, Ill., Sept. 21, 2020 (GLOBE NEWSWIRE) -- [Consolidated Communications](#) (NASDAQ: CNSL), a leading broadband and business communications provider, today announced it has partnered with [Pax8](#), the leader in cloud distribution, to provide business customers with an enhanced suite of cloud services, including: next generation productivity, backup, security, data management and disaster recovery solutions.

The partnership will simplify and streamline the order and fulfillment process for business customers, ultimately shortening the provisioning timeline. It will enable Consolidated Communications to more effectively deliver cloud services to the marketplace.

"This strategic partnership will improve the buying and installation experience for our business customers through the delivery of an enhanced portfolio of cloud services at competitive prices," said Doug Abolt, vice president of commercial product management at Consolidated Communications. "Pax8's streamlined, self-provisioning platform accelerates and simplifies the customer ordering process."

"Pax8 is pleased to support and empower Consolidated Communications in its efforts to deliver cloud technology services to business clients," said Sam Nelson, vice president of channel development at Pax8. "Our experienced team looks forward to providing the resources, education and responsive support needed for Consolidated to grow its business."
