PROXY STATEMENT

This proxy statement contains information related to the 2007 annual meeting of stockholders of Consolidated Communications Holdings, Inc., a Delaware corporation (the "Company," "Consolidated," "we" or "us"), that will be held at our corporate headquarters, 121 South 17th Street, Mattoon, Illinois 61938 on Tuesday, May 8, 2007, at 9:00 a.m., central time, and at any postponements or adjournments thereof. The approximate first date of mailing for this proxy statement, proxy card, as well as a copy of our combined 2006 annual report to stockholders and annual report on Form 10-K for the year ended December 31, 2006, is April 6, 2007.

ABOUT THE MEETING What is the purpose of this proxy statement?

The purpose of this proxy statement is to provide information regarding matters to be voted on at the 2007 annual meeting of our stockholders. Additionally, it contains certain information that the Securities and Exchange Commission (the "SEC") requires us to provide annually to stockholders. The proxy statement is also the document used by our board to solicit proxies to be used at the 2007 annual meeting. Proxies are solicited by our board to give all stockholders of record an opportunity to vote on the matters to be presented at the annual meeting, even if the stockholders cannot attend the meeting. The board has designated Steven J. Shirar and David J. Doedtman as proxies, who will vote the shares represented by proxies at the annual meeting in the manner indicated by the proxies.

What proposals will be voted on at the annual meeting?

Stockholders will vote on the following proposals at the annual meeting:

- the election of two Class II directors to serve for a term of three years, in accordance with our amended and restated certificate of incorporation and amended and restated bylaws (Proposal No. 1);
- the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm (the "independent auditors"), for the fiscal year ending December 31, 2007 (Proposal No. 2); and
- any other business properly coming before the annual meeting and any adjournment or postponement thereof.

Who is entitled to vote?

Each outstanding share entitles its holder to cast one vote on each matter to be voted upon at the annual meeting. Only stockholders of record at the close of business on the record date, March 21, 2007, are entitled to receive notice of the annual meeting and to vote the shares of common stock that they held on that date at the meeting, or any postponement or adjournment of the meeting. If your shares are held by a beneficial holder in "street name" please refer to the information forwarded to you by your bank, broker or other holder of record to see what you must do to vote your shares. Please see the next question below on page 2 for a description of a beneficial owner in "street name."

[Table of Contents](#)

A complete list of stockholders entitled to vote at the annual meeting will be available for examination by any stockholder at our corporate headquarters, 121 South 17th Street, Mattoon, Illinois 61938, during normal business hours for a period of ten days before the annual meeting and at the time and place of the annual meeting.

What is the difference between a stockholder of record and a beneficial holder of shares?

If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered a stockholder of record with respect to those shares. If this is the case, the stockholder proxy materials have been sent or provided directly to you by us.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the “beneficial holder” of the shares held for you in what is known as “street name.” If this is the case, the proxy materials have been forwarded to you by your brokerage firm, bank or other nominee, which is considered the stockholder of record with respect to these shares. As the beneficial holder, you have the right to direct your broker, bank or other nominee how to vote your shares. Please contact your broker, bank, or other nominee for instructions on how to vote any shares you beneficially own.

Who can attend the meeting?

All stockholders of record as of March 21, 2007, or their duly appointed proxies, may attend the meeting. Cameras, recording devices and other electronic devices will not be permitted at the meeting. If you hold your shares in “street name,” you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date and check in at the registration desk at the meeting.

What constitutes a quorum?

A quorum of stockholders is necessary to hold the annual meeting. The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum. As of March 21, 2007, the record date, 26,129,956 shares of our common stock were outstanding. Proxies received but marked as abstentions or broker non-votes will be included in the calculation of the number of shares considered present at the meeting for purposes of establishing a quorum. In the event that a quorum is not present at the annual meeting, we expect that the annual meeting will be adjourned or postponed to solicit additional proxies.

How do I vote?

You may vote in person at the meeting or by proxy. We recommend that you vote by proxy even if you plan to attend the meeting so that we will know as soon as possible that enough votes will be present for us to hold the meeting. If you complete and properly sign the accompanying proxy card and return it to us, it will be voted as you direct on the proxy card. If you are a stockholder of record and attend the meeting, you may vote at the meeting or deliver your completed proxy card in person. You should follow the instructions set forth on the proxy card, being sure to complete it, to sign it and to mail it in the enclosed postage-paid envelope.

If your shares are held in “street name,” please refer to the information forwarded to you by your bank, broker or other holder of record to see what you must do in order to vote your shares. If you are a “street name” stockholder and you wish to vote in person at the meeting, you will need to obtain a proxy from the institution that holds your shares and present it to the inspector of elections with your ballot when you vote at the annual meeting.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is voted by:

- delivering to our Secretary at the address on the first page of this proxy statement a written notice of revocation of your proxy;
- delivering a duly executed proxy bearing a later date; or
- voting in person at the annual meeting.

[Table of Contents](#)

If your shares are held in “street name,” you may vote in person at the annual meeting if you obtain a proxy as described in the answer to the previous question. The powers of the proxy holders with regard to your shares will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not, by itself, revoke a previously granted proxy.

Can I vote by telephone or electronically?

No. We have not instituted any mechanism for telephone or electronic voting. “Street name” stockholders, however, may be able to vote electronically through their bank, broker or other holder of record. If so, instructions regarding electronic voting will be provided by the bank, broker or other holder of record to you as part of the package that includes this proxy statement.

How many votes are required for the proposals to pass?

Directors are elected by a plurality vote. Accordingly, the two director nominees who receive the greatest number of votes cast will be elected. The proposal to ratify the selection of our independent auditors requires the approval of a majority of the votes present, in person or by proxy, and entitled to vote on the matter.

How are abstentions and broker non-votes treated?

If a stockholder abstains from voting on any proposal, it will have the same effect as a vote “AGAINST” that proposal, except with respect to Proposal No. 1, where it will have no effect. Broker non-votes and shares as to which proxy authority has been withheld with respect to any matter are not entitled to vote for purposes of determining whether stockholder approval for that matter has been obtained and, therefore, will have no effect on the outcome of the vote on any such matter. A broker “non-vote” occurs on a proposal when shares held of record by a broker are present or represented at the meeting but the broker is not permitted to vote on that proposal without instruction from the beneficial owner of the shares and no instruction has been given.

What if I do not specify a choice for a matter when returning a proxy?

Stockholders should specify their choice for each matter on the enclosed proxy. If no specific instructions are given, proxies that are signed and returned will be voted “FOR” the election of each of the nominees for Class II director and “FOR” the proposal to ratify the appointment of our independent auditors.

Will any one contact me regarding this vote?

No arrangements or contracts have been made or entered into with any solicitors as of the date of this proxy statement, although we reserve the right to engage solicitors if we deem them necessary. If done, such solicitations may be made by mail, telephone, facsimile, e-mail or personal interviews.

What are the board’s recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the enclosed proxy card will vote in accordance with the recommendations of the board of directors.

The board’s recommendations, together with the description of each proposal, are set forth in this proxy statement. In summary, the board recommends that you vote:

- “FOR” the election of each nominee for Class II director (see page 7);
- “FOR” the ratification of the appointment of Ernst & Young LLP as our independent auditors (see page 13).

Pursuant to the provisions of Rule 14a-4(c) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), with respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the board of directors or, if no recommendation is given, in their own discretion.

What happens if additional matters are presented at the annual meeting?

Other than the two proposals described in this proxy statement, we are not aware of any other business to be acted upon at the annual meeting. If you grant a proxy, the persons named as proxy holders on the enclosed proxy card will vote your shares on any additional matters properly presented for a vote at the meeting as recommended by the board or, if no recommendation is given, in their own discretion.

Who will tabulate and certify the vote?

Representatives of Computershare Trust Company, N.A., our transfer agent, will tabulate the votes and act as Inspector of Elections.

PROPOSAL NO. 1 — ELECTION OF DIRECTORS

Our amended and restated certificate of incorporation provides for the classification of our board of directors into three classes of directors, designated Class I, Class II and Class III, as nearly equal in size as is practicable, serving staggered three-year terms. One class of directors is elected each year to hold office for a three-year term or until successors of such directors are duly elected and qualified. The corporate governance committee has recommended, and the board also recommends, that the stockholders elect Mr. Blumenstein and Mr. Moore, the nominees designated below as the Class II directors, at this year's annual meeting to serve for a term of three years expiring in 2010 or until their successors are duly elected and qualified. The nominees for election to the position of Class II director, and certain information with respect to their backgrounds and the backgrounds of non-nominee directors, are set forth below.

It is the intention of the persons named in the accompanying proxy card, unless otherwise instructed, to vote to elect the two nominees named herein as the Class II directors. Each of the nominees named herein presently serves on our board of directors, and each has consented to serve as a director if elected at this year's annual meeting. In the event either nominee named herein is unable to serve as a director, discretionary authority is reserved to the board to vote for a substitute. The board has no reason to believe that either nominee named herein will be unable to serve if elected.

Board recommendation and stockholder vote required

The board of directors recommends a vote "FOR" the election of each nominee named above (Proposal No. 1 on the accompanying proxy card).

The affirmative vote of a plurality of the votes cast at the meeting at which a quorum is present is required for the election of each nominee.

CORPORATE GOVERNANCE AND BOARD COMMITTEES

Are a majority of the directors independent?

Yes. The corporate governance committee undertook its annual review of director independence and reviewed its findings with the board of directors. During this review, the board of directors considered relationships and transactions between each director or any member of his or her immediate family and Consolidated and its subsidiaries and affiliates, including those reported under “Certain Relationships and Related Transactions” below. The board of directors also examined relationships and transactions between directors or their affiliates and members of our senior management. The purpose of this review was to determine whether any such transactions or relationships compromised a director’s independence.

As a result of this review, our board of directors affirmatively determined that Messrs. Blumenstein and Moore and Ms. Rahe are independent for purposes of both Rule 4200(a)(15) of The NASDAQ Stock Market, Inc.’s (“NASDAQ”) Marketplace Rules and Rule 10A-3(b)(1) of the Exchange Act.

How are directors compensated?

We pay our non-employee directors an annual cash retainer of \$12,500. Board members also are paid \$1,000 for each board meeting attended in person, \$500 for each board committee meeting attended in person. Meeting fees are halved for each board or board committee meeting attended by means of telephone conference call. We reimburse all non-employee directors for reasonable expenses incurred to attend board or board committee meetings.

In addition, the chairperson of the audit committee receives an additional annual cash retainer of \$15,000, and the chairperson of the compensation committee and the corporate governance committee each receive an additional annual retainer of \$5,000.

Each non-employee director is eligible to receive grants of stock options, stock grants and stock unit grants, stock appreciation rights and cash bonuses pursuant to one or more cash incentive programs that may be adopted under our 2005 long-term incentive plan, subject to certain limitations on the number and amount of such grants contained in the plan. In 2006, each non-employee director of the Company received a restricted stock award of 4,000 shares on January 6, 2006 under this plan. One quarter of such shares will vest on each anniversary of the date of grant.

Mr. Lumpkin and Mr. Currey, directors who also serve as executive officers, do not receive any additional compensation for their service on the board.

As part of its oversight of the Company's financial statements, the audit committee reviewed and discussed with management and Ernst & Young LLP, the Company's independent auditor, the audited financial statements of the Company for the fiscal year ended December 31, 2006. Based on its review and discussions referred to above, the audit committee has recommended to the board of directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006, for filing with Securities and Exchange Commission. The compensation committee reviewed and discussed with management the Company's Compensation Discussion and Analysis contained in this Proxy Statement.

Based upon the review and discussions referred to above, the compensation committee recommended to the Board of Directors that the Company's Compensation Discussion and Analysis be included in this Proxy Statement.

This report is submitted on behalf of the members of the compensation committee:

Roger H. Moore, Chairperson
Jack W. Blumenstein
Maribeth S. Rahe

* The information in this report is not "soliciting material," is not deemed filed with the SEC and is not to be incorporated by reference in any of our filings under the Securities Act of 1933, as amended, or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filings.

COMPENSATION DISCUSSION AND ANALYSIS Executive Compensation Objectives

Our compensation committee has designed our executive compensation program to achieve the following objectives:

- provide incentives to our executives to maximize stockholder return;
- enable us to attract, retain and reward aggressive, results-oriented managers capable of leading key areas of the Company's business; and
- reward the management team for achieving key financial and operational objectives which will promote the long-term health of the business.

Each key element of total compensation serves a specific purpose that helps achieve the objectives of the executive compensation program.

The three key elements of the current executive compensation program are annual base salary, cash bonuses, and long-term, equity-based incentives. The Company also provides its executive officers with severance and change-in-control benefits as well as a limited number of perquisites and other personal benefits. Our discussion below under the caption "Elements of Executive Compensation" contains additional explanation of each of these elements. In evaluating the mix of these compensation components, as well as the short-term and long-term value of the executive compensation plans, the compensation committee considers both the performance and skills of each executive, as well as the compensation paid to those in similar organizations with similar responsibilities.

The following discussion explains how the compensation committee uses the three key compensation elements to meet the objectives of its executive compensation program.

Provide incentives to our executive to maximize stockholder return. In the past, the compensation committee has used restricted shares in an effort to unify the interests of the Company's executives and stockholders. While the Company did not grant restricted shares in 2006, it granted restricted shares to its executives in March 2007. The compensation committee believes that granting restricted shares that vest incrementally over time, but only so long as an executive remains employed by the Company, encourages an executive to increase the Company's stock value over time so the executive can realize a greater value of those shares once they vest. In addition, performance shares (discussed below) also have a time-vesting element that serves the same purpose.

Enable us to attract, retain and reward aggressive, results-oriented managers capable of leading key areas of the Company's business. In order to achieve this objective, the compensation committee believes that it must pay our executives competitive compensation.

Before the Company's initial public offering in 2005, the Company conducted significant compensation planning through a competitive, market benchmark analysis.

In order to assist the compensation committee in setting compensation levels for 2007, the Committee obtained a custom survey of compensation paid by the following companies that operate in the integrated communications, wireless telecommunications, communications equipment and broadcasting and cable television industries and that had annual revenues ranging from \$100 million to \$1 billion:

— Alaska Communications Systems Group	— Centennial Communications	— Commonwealth Telephone Enterprises
	— D&E Communications, Inc.	
— CT Communications, Inc.	— General Communication	— Eschelon Telecom, Inc.
— Fairpoint Communications, Inc.	— Mediacom Communications Corp.	— Harmonic, Inc.
— Iowa Telecom Services, Inc.	— Surewest Communications	— North Pittsburgh Systems
— Rural Cellular Corp.		— Talk America Holdings, Inc.
— Time Warner Telecom		

The compensation committee selected these companies because the Company competes with them for executive talent and because these companies also compete with the Company in the capital markets for investors.

[Table of Contents](#)

For 2007, the compensation committee used the information it obtained from this benchmark survey as guidance for decisions regarding the:

- levels of salary, bonus, long-term incentives and total direct compensation;
- percentage of total compensation that is cash and percentage that is equity;
- percentage of total compensation that is current and percentage that is long-term;
- types and features of equity-based compensation awards to provide to executives;
- amounts and types of perquisites and other personal benefits to pay to executives; and
- components of potential change-in-control benefits to provide to executives.

The compensation committee then re-evaluated all these elements of its executive compensation program and made certain changes which it felt were appropriate and necessary given its objective of paying total direct compensation (consisting of salary, bonus and long-term equity) at roughly the 50th percentile of the benchmark group.

In general, the compensation committee encourages executives to remain with the Company by paying annual cash bonuses, which motivates executives to remain employed through the year and by granting restricted shares and performance shares, which grants require a long-term commitment to the Company since executives must generally remain employees for at least four years in order to realize the full value of the shares when they vest.

Reward the management team for achieving key financial and operational objectives which will promote the long-term health of the business. Our bonus plan ties the level of achievement of Company annual financial and operational performance goals to the amount of annual incentive compensation we pay to each of our executives. As a result, a significant portion of our executives' total compensation is dependent on the degree to which we achieve these goals. This provides an incentive for our executives to increase our performance with respect to these measures, and in turn increases stockholder value.

Elements of Executive Compensation

The key elements of the compensation committee's executive compensation program for 2006 were:

- an annual base salary;
- cash bonuses directly linked to achievement of the Company's annual financial and operational performance goals; and
- long-term, equity-based incentives using restricted stock awards.

In addition, the Company provides severance and change-in-control benefits, as well as a limited number of perquisites and other personal benefits to all of its executive officers.

For 2006, the compensation committee determined that each of the named executive officers was eligible to receive an annual base salary and a cash bonus. However, the compensation committee did not provide for any new long-term, equity-based incentive compensation during the year because in 2005 there were a number of still outstanding awards prior to our initial public offering, and because the compensation committee wished to complete the benchmark survey of total direct compensation before taking any action. As this survey was not completed until late in the fourth quarter, the compensation committee did not complete its review until the early part of 2007. The Summary Compensation Table shows the compensation of each of the named executive officers for 2006.

In general, the compensation committee reviews executive compensation and executive performance on an annual basis, in the first quarter following the completion of the previous performance year. For 2006 performance, the review took place in February of 2007.

Salary

The Company pays all of its executive officers a fixed, annual salary, which the compensation committee believes provides financial stability for executives and reflects their level of responsibility with the Company and that salary increases reward an individual's contributions to the Company, and may reflect market increases.

The compensation committee reviews and may revise, at its discretion, salaries for executive officers when it feels those changes are warranted. In its annual review of the salaries of executive officers, the compensation committee considers the following principal factors:

- performance of the executive during the previous year;
- performance of the Company during the previous year with respect to certain performance goals; and
- salary levels of comparable positions at companies in the Company's peer group.

For 2006, the compensation committee did not increase from the prior year the base salary levels for any of the named executive officers because the Company focused on controlling expenses in its first full year as a public company and had not yet completed its benchmarking survey. The "Salary" column of the Summary Compensation Table shows the salaries paid for 2006 to each of the named executive officers.

In February, 2007, the compensation committee established the salaries for the named executive officers for 2007. The compensation committee increased the salary levels for each of the named executive officers because the benchmark survey found the base salaries to be below the targeted 50th percentile relative of comparable salaries in the benchmark companies; because the Company exceeded its key operating and financial performance goals in 2006; and because no executive salary increases had been granted since 2005.

Cash Bonuses

The Company maintains a bonus plan that is designed to reward achievement of annual, short-term Company performance levels, the consistent attainment of which the Company believes are critical to its long term success. Each of the named executive officers is eligible to participate in the bonus plan, which provides them with the opportunity to earn a cash bonus payment. The payment, if any, is measured as a percentage of the executive officer's salary and is based on the achievement of objective criteria established by the compensation committee. For 2006, the compensation committee based its performance targets on the following measures and in the following amounts:

- 50% on the Company's earnings before interest, taxes, depreciation and amortization (EBITDA) for 2006 (target of \$137.2 million);
- 25% on dividend payout ratio for 2006 (target of 84% or less); and
- 25% on broadband subscriber net additions for 2006 (target of 16,000 net additions), which consisted of the number of the Company's subscribers to its digital subscriber lines (DSL) and Internet protocol television (IPTV) lines.

The compensation committee determined these measures in February, 2006 and used these specific performance targets because it believes that these measures most effectively promote the Company's primary short-term goals of increasing earnings, sustaining its dividend, and adding broadband subscribers.

For 2006, the compensation committee established the bonus payouts, as a percentage of 2006 salary levels, based on its assessment of appropriate balance and mix between base salary and short-term bonus in determining the total cash to be paid to each executive.

The bonus payout for our Chief Executive officer was 120% of salary, and in the case of the other named executive officers, 50% of salary. The compensation committee did not increase the levels from 2005 for any of the named executive officers because the compensation committee was focused on controlling expenses in its first full year as a public company, and because it had not completed its benchmarking survey. The compensation committee had full discretion to increase or decrease the amount of any actual payout, including discretion to pay no bonus.

The “Non-Equity Incentive Plan Compensation” column of the Summary Compensation Table shows the cash bonus the compensation committee awarded to each of the named executive officers for 2006 pursuant to the Company’s bonus plan. For 2006, the Company achieved the performance targets at the following levels:

<u>Performance Measure</u>	<u>Actual</u>	<u>Target</u>
EBITDA	\$139.8 million	\$137.2 million
Dividend Payout Ratio	76.6%	84.0%
Broadband Subscriber Net Adds	18,348	16,000

Since the Company exceeded each of its three targets, the compensation committee exercised its discretion to make bonus payments to each of the named executive officers in amounts that exceeded the target levels. The bonuses, all of which were paid in March 2007, represented the following percentages of each named executive officer’s respective 2006 annual salary level:

<u>Name</u>	<u>2006 Bonus Payout as a Percentage of 2006 Salary</u>	
	<u>Actual</u>	<u>Target</u>
Robert J. Currey	127%	120%
C. Robert Udell, Jr.	62%	50%
Steven J. Shirar	62%	50%
Joseph R. Dively	62%	50%
Steven L. Childers	63%	50%

For 2007, the bonus plan target payouts have again been established as 120% of base salary for Mr. Currey, and 50% of base salary for each of Mr. Childers, Mr. Dively, Mr. Shirar, and Mr. Udell. The objective categories and weighting are:

• EBITDA:	40% weight
• Broadband Subscriber Net Adds:	25% weight
• Dividend Payout Ratio:	25% weight
• Other Operating Goals:	10% weight

Long-Term, Equity-Based Incentives

The Company maintains a stockholder-approved long-term incentive plan that provides for grants of stock options, stock grants and stock unit grants, stock appreciation rights and the adoption of one or more cash incentive programs. Our non-employee directors and certain employees, including each of the named executive officers, are eligible for grants under the plan. The purpose of the plan is to provide these individuals with incentives to maximize stockholder return, otherwise contribute to our success and enable us to attract, retain and reward the best available individuals for positions of responsibility. Our compensation committee administers the plan and determines if and when awards should be granted. As explained below, prior to 2007, only one named executive officer received a grant under the long-term incentive plan and no awards were made in 2006 under the long-term incentive plan.

In August 2003, the board of managers of our predecessor company adopted a restricted share plan to which we succeeded upon completion of our initial public offering in July 2005. The restricted share plan authorized the board of directors to grant to members of management, as incentive compensation, awards of restricted shares of common stock or securities convertible into shares of common stock. In connection with our initial public offering, the restricted share plan was amended to eliminate our board’s ability to make any future awards of restricted common stock under the plan. The Company has granted restricted shares pursuant to this plan to each of the named executive officers. With respect to these shares, except the restricted shares granted to Mr. Udell, 25% vested on December 31, 2004, and 25% vested on the day prior to the completion of our initial public offering on July 27, 2005. An additional 16.7% vested on each of December 31, 2005 and 2006, and the remaining 16.7% will vest in one remaining installment on December 31, 2007. With respect to Mr. Udell’s restricted shares, 19,965 were granted under our restricted share plan. Of these shares, 75% have vested, including 25% that vested on December 31, 2006, and the remaining 25% will vest in one remaining installment on December 31, 2007. In addition, on October 13, 2005, the Company granted 30,000 restricted shares to

Table of Contents

Mr. Udell under our long-term incentive plan. Twenty-five percent of these shares vested on October 13, 2006, and the remaining 75% will vest in equal installments on October 13, 2007, 2008 and 2009. Holders of our restricted shares are entitled to receive dividends and other distributions, if any, as and when declared by our board of directors.

After reviewing its executive compensation program, the compensation committee decided to implement a new equity program under the long-term incentive plan, and in February, 2007, adopted the Executive Long -Term Incentive Program (the "program"). The program is intended to provide eligible executives with long-term incentive compensation at or near the 50th percentile of our custom comparator group. Under the program, each year the compensation committee determines for each executive eligible to participate, including each named executive officer, and by comparable job position, the economic value of target annualized long-term incentive compensation at the 50th percentile of the custom comparator group. Half of this value is paid to the executive in an award of restricted shares and half is paid to the executive in an award of performance shares.

The restricted shares vest at a rate equal to 25% per year on each December 5th following the date of grant, except for our Chief Executive Officer whose restricted shares vest 67% on the December 5th following the date of grant, and 33% on the second December 5th following the date of grant. The performance shares entitle the executive to receive an award of restricted shares in the next subsequent year, if certain goals based on current year Company performance are attained. Attainment of the goals at the target levels will result in the target number of performance shares awarded as restricted shares, and attainment of the goals at above or below the target levels will result in an increased or decreased number of restricted shares awarded. The performance shares also vest at a rate equal to 25% per year on each December 5th following the date of grant, except for our Chief Executive Officer, which vest 100% on the first December 5th following the date of grant.

In March 2007, the compensation committee approved awards of restricted stock and performance shares to the named executive officers as follows:

<u>Employee</u>	<u>Restricted Stock</u>	<u>Target # of Performance Shares</u>
Robert J. Currey	55,673	20,619
C. Robert Udell	13,591	5,034
Steven J. Shirar	13,591	5,034
Joseph R. Dively	13,591	5,034
Steven L. Childers	13,591	5,034

The long-term equity incentive compensation levels were determined in November, 2006. The fair market value of the shares of restricted stock were determined based on the average closing price for all trading days in the month of November, 2006 and the value of the performance shares were based on such share price, with a 10% discount to reflect the risk of attaining performance goal results at below the target levels. The performance goals and minimum, target and maximum payouts set by the compensation committee for the 2007 performance share awards are the same as those approved for the bonus plan.

All Other Compensation

As part of our executive compensation program, we provide certain of our executives with the following other benefits:

- personal use of a Company automobile;
- living expenses if the Executive's responsibilities require repeated and extended stays away from home;
- expenses paid for business related meals and travel for spouses;
- tax reimbursement for Company automobile and business related travel; and
- Company contributions its 401(k) plan.

The "All Other Compensation" column of the Summary Compensation Table on page 23 shows the amounts of such compensation paid for fiscal 2006 to each of the named executive officers.

The compensation committee reviewed the amounts and types of perquisites and other benefits the Company provides to its executive officers as part of its benchmark survey in the fourth quarter, 2006, and expects to revisit periodically to determine if adjustments are appropriate.

Employment Security Agreements

On February 20, 2007 the Company adopted Employment Security Agreements with each of its named executive officers, as well as certain other executives. Payments under the agreements are provided if (i) there is a change in control of the Company and (ii) within two years following the change in control, either the executive's employment is terminated by the Company without "cause" (i.e., commission of a felony, fraud, negligence in the performance of duties, or violation of the Company's code of conduct resulting in termination of employment) or the executive terminates his employment for "good reason" (i.e., reduction in salary, bonus or job responsibilities, or relocation more than 30 miles away). Change in control is defined in the agreements and includes the acquisition of a majority of the Company's common stock, certain mergers, consolidations and asset transfers, or the election of a majority of the directors not recommended by the incumbent board.

Change in control benefits under the agreements generally include a lump sum cash payment equal to one year base salary and bonus, a prorata bonus for the year in which the termination occurs, and continuation of medical, dental, life insurance and similar benefits for one year. The agreements also provide for reimbursement to the executive for any excise tax imposed on payments under the agreements or otherwise in connection with the change in control as well as taxes imposed on such reimbursement amounts. The agreements include covenants that prohibit the executives from competing and from soliciting Company employees for one year following a termination of employment.

The Company believes that the protections afforded by the agreements are a valuable incentive for attracting and retaining top managers. It believes that the agreements are particularly important because the Company does not have employment agreements or long-term arrangements with its executives. The Company also believes that, in the event of an extraordinary corporate transaction, the agreements could prove crucial to the Company's ability to retain top management through the transaction process.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits the deductibility of executive compensation paid to the chief executive officer and to each of the four other most highly compensated officers of a public company to \$1 million per year. However, compensation that is considered qualified "performance-based compensation" generally does not count toward the \$1 million deduction limit. Section 162(m) contains a transition rule that delays the application of its deductibility limits to compensation paid by a company that becomes public pursuant to an initial public offering. The Company generally can rely on this transition rule with respect to its compensation arrangements until the 2009 annual meeting of stockholders (subject to earlier termination of the transition rule in certain situations). Accordingly, all compensation paid to the named executive officers in 2006 is fully deductible by the Company without regard to Code Section 162(m).

Processes and Procedures for the Consideration and Determination of Executive and Director Compensation

The compensation committee determines and makes recommendations to the board of directors concerning the compensation of the Company's executive officers, including the named executive officers, and non-employee directors. The compensation committee reviews and approves:

- base salary amounts for the Company's executive officers;
- annual incentive programs for the Company's executive officers;
- long-term equity incentive compensation and all policies related to the issuance of restricted stock and performance shares within the Company, including grants of restricted stock to directors;

[Table of Contents](#)

- annual performance goals and payouts for the Company under the bonus plan and the Company's long-term incentive plan; and
- amounts of the annual retainers and other fees for the Company's non-employee directors.

Role of Executive Officers and Management

The Chief Executive Officer prepares a performance review for each of the other executives each year. Based on his assessment of each individual's performance during the preceding calendar year, as well as a review of how each executive's compensation compares with the benchmark companies, the Chief Executive Officer recommends to the compensation committee, for each such executive, base salary amounts, restricted stock and performance share awards and annual performance goals under the bonus plan and the long-term incentive plan.

Role of Independent Consultant

The compensation committee has directly engaged Watson Wyatt & Company as its outside consultant for 2006 and 2007 to assist it in reviewing the effectiveness and competitiveness of the Company's executive compensation and outside director programs and policies. In particular, Watson Wyatt & Company assists the compensation committee with the following:

- construction of the benchmark companies to be used in compensation analysis;
- analysis of the Company's total direct compensation including base salary, bonus, and long-term incentives;
- evaluation of the prevalence and type of perquisite programs provided by other benchmark companies;
- review and consulting on compensation design and performance linkage; and
- ad hoc issue analysis as requested by the Committee.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL OF THE COMPANY

Except as described below, the Company does not maintain any plans or arrangements that would provide a named executive officer with benefits in addition to those benefits to which employees would be entitled upon a termination of employment generally (i.e., vested retirement benefits accrued as of the date of termination, stock awards that are vested as of the date of termination, and the right to elect continued health benefits pursuant to COBRA). The named executive officers have outstanding awards of restricted stock of the Company granted under the Company's restricted share plan and/or 2005 long-term incentive plan (the "LTIP"). Both plans provide for enhanced benefits upon a change in control of the Company as follows:

Restricted Share Plan

Under the restricted share plan, the restrictions on all outstanding stock awards will lapse if within 12 months following a Change in Control of the Company (as defined in the Plan) (a) the participant's employment with the

Table of Contents

Company is terminated by the Company without cause, (b) the participant's compensation is reduced to 90% or less of the compensation in effect immediately prior to the change in control, or (c) the participant, without his consent, is assigned duties and responsibilities materially inconsistent with his level of responsibility, and the Company does not cure the situation within 30 days of written notice.

For this purpose, "cause" means the participant's (a) gross negligence or willful misconduct in the performance of his duties, (b) willful or grossly negligent failure to perform his or duties, (c) breach of any written covenants to the Company, (d) dishonest or unlawful behavior or becoming subject to a regulatory judgment or decree that restricts his ability to work for the Company, or (e) willful or reckless breach of a Company policy concerning conflict of interest, business standards or employment practices.

Long-Term Incentive Plan

The long-term incentive plan provides that if there is a change in control of the Company (as defined in the plan) and there is no assumption of outstanding plan awards by the successor entity, or conversion of outstanding plan awards into comparable equity awards of the successor entity, all restrictions on all outstanding stock awards will lapse. The plan also provides that if in connection with the change in control the plan awards are assumed or converted by the successor entity as described above, and within 24 months following the change in control the participant's employment is terminated without cause or the participant terminates employment for good reason, all restrictions on all outstanding stock awards will lapse.

For purposes of the long-term incentive plan:

(a) "cause" means the participant's (i) conviction or admission of guilt with respect to any felony, fraud, misappropriation or embezzlement, (ii) malfeasance or gross negligence in the performance of his duties that is materially detrimental to the Company, or (iii) breach of any Company code of conduct, if the consequence would be termination of employment.

In each case, the Company must give the participant written notice of the existence of cause, and if the act is capable of being cured, 30 days in which to cure.

(b) "good reason" means (i) a material reduction in the participant's base salary and/or bonus opportunity without his consent, (ii) a material reduction in the scope or importance of the participant's duties and responsibilities without his consent, or (iii) a transfer of the participant's primary worksite of more than 30 miles (unless the new worksite is closer to the participant's residence).

In each case, the participant must give written notice within 90 days and the Company has 30 days in which to cure the action constituting good reason.

The following table sets forth the value of the accelerated vesting of the outstanding restricted stock awards of the named executive officers, assuming an event triggering full vesting occurred on December 31, 2006:

<u>Executive</u>	<u>Value of Unvested Restricted Stock(1)</u>
Robert J. Currey	\$ 648,843
C. Robert Udell	\$ 357,171
Steven J. Shirar	\$ 216,281
Joseph R. Dively	\$ 216,281
Steven L. Childers	\$ 216,281

(1) *Value Realized on Exercise*. Represents the number of shares of common stock covered by the restricted shares acquired on vesting of such restricted shares valued using \$20.90 (the closing market price of the Company's common stock as reported in *The Wall Street Journal* for December 29, 2006).

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS Providence Equity Share Repurchase

On July 28, 2006, the Company repurchased 3,782,379 shares of common stock from Providence Equity Partners IV L.P. and its affiliates, (“Providence”) in a privately negotiated transaction. The total purchase price was approximately \$56.7 million, or \$15.00 per share. Providence was an original equity investor in the Company and owned approximately 12.7% of the Company’s outstanding shares prior to the share repurchase.

LATEL Sale/Leaseback

In 2002, in connection with our predecessor company’s acquisition of ICTC and several related businesses from McLeodUSA, each of ICTC and Consolidated Communications Market Response, Inc., an indirect, wholly owned subsidiary of the Company, entered into separate agreements with LATEL, pursuant to which each of them sold to LATEL real property for total consideration of approximately \$9.2 million and then leased the property back from LATEL. The sale prices for the properties sold to LATEL were determined based upon an appraisal of each property. LATEL is owned 50.0% by Mr. Lumpkin and 50.0% by Agracel. Agracel is the sole managing member of LATEL. Mr. Lumpkin, together with members of his family, beneficially own 49.7% of Agracel. In addition, Mr. Lumpkin is a director of Agracel.

The initial term of both leases was one year beginning on December 31, 2002. Each lease automatically renews for successive one year terms through 2013, unless either ICTC or Consolidated Communications Market Response, Inc. provides one year prior written notice that it intends to terminate its respective lease. On August 1, 2005, LATEL exercised its option in the leases to convert the term of the leases to a fixed term of six years. After the fixed term expires on July 31, 2011, the leases will revert back to the initial lease terms through 2013.

Collectively, the lease expense for 2006 was approximately \$1.3 million, of which ICTC paid approximately \$1.1 million and Consolidated Communications Market Response, Inc. paid the remainder. These lease payments represent 100.0% of the revenues of LATEL. The annual rent for each lease will increase by 2.5% upon each renewal. Currently, the leases are recorded as operating leases of ICTC and Consolidated Market Response, Inc.

MACC, LLC

In 1997, prior to our predecessor company’s acquisition of ICTC at the end of 2002, Consolidated Communications Market Response, Inc. entered into a lease agreement with MACC, LLC (“MACC”), an Illinois limited liability company, pursuant to which Consolidated Communications Market Response, Inc. agreed to lease office space for a period of five years. Agracel, which is 49.7% owned by Mr. Lumpkin together with members of his family, is the sole managing member and 66.7% owner of MACC. Mr. Lumpkin and members of his family directly own the remainder of MACC. The parties extended the lease for an additional five years beginning October 14, 2002. Consolidated Communications Market Response, Inc. paid MACC rent for 2006 in the amount of \$0.1 million. The lease provides for a cost of living increase to the annual lease payments based on the “Revised Consumers Price Index, All Urban Consumers” published by the Bureau of Labor Statistics for the United States Department of Labor. Neither party has the right to terminate this agreement by the terms of the agreement.

First Mid-Illinois Bancshares, Inc.

Pursuant to various agreements with CCI, First Mid-Illinois provides the Company with general banking services, including depository, disbursement and payroll accounts, on terms comparable to those available to other large unaffiliated business accounts. Mr. Lumpkin and members of his family own approximately 29.7% of the common stock of First Mid-Illinois and Mr. Dively owns less than 1.0% of the common stock of First Mid-Illinois. In addition, Mr. Dively is a director of First Mid-Illinois. The fees charged and earnings received on deposits, through repurchase agreements, are based on First Mid-Illinois’s standard schedule for large customers. During 2006, the Company paid maintenance and activity related charges of \$9,767 to First Mid-Illinois and earned \$206,399 of interest on its deposits. In addition, First Mid-Illinois administers the Company’s hourly 401(k) plan. During 2006, CCI paid \$99,975 to First Mid-Illinois for this service, which is a competitive market rate based on assets under management that we believe is comparable to rates charged by independent third parties.

In 2006, The Checkley Agency, a wholly-owned insurance brokerage subsidiary of First Mid Illinois received a \$129,844 commission in 2006 relating to insurance and risk management services provided to CCI in connection with a co-brokerage arrangement with Arthur J. Gallagher Risk Management Services, Inc.

CCI provides First Mid-Illinois with local dial tone, custom calling features, long distance and other telecommunications services. In 2006, First Mid-Illinois paid CCI \$0.5 million for these services. These services are based on standard prices for strategic business customers.

Related Person Transactions Policy

In March 2007, our audit committee adopted a written Related Person Transactions Policy, which provides for procedures for review, approval and ratification of transactions involving the Company and “related persons” (which consists of directors, director nominees, executive officers and stockholders owning five percent or more of the Company’s outstanding stock, any of their immediate family members, and any firm, corporation or other entity in which any of the foregoing persons is employed, is a general partner, principal or in a similar position or has, together with the beneficial ownership interests of all other “related persons,” a 10% or greater beneficial ownership interest). The policy covers any related person transaction that would be required to be disclosed in our proxy statement under applicable SEC rules (generally, transactions in which the Company is a participant, the amount involved exceeds \$120,000 and in which a “related person” has a direct or indirect material interest).

Certain transactions are not subject to specific approval under the policy by virtue of being exempt from the set of related person transactions that must be disclosed pursuant to applicable SEC rules. In addition, the audit committee has approved in the policy the provision of products or services by the Company and its subsidiaries to “related persons,” if conducted in the ordinary course of business and on terms that are no less favorable to the Company than those available to customers who are not related to the Company.

The policy requires, prior to a party entering into any related person transaction covered by the policy, to provide notice to the Company of the proposed related person transaction. The audit committee or its chairperson may approve only those related person transactions that are in, or are not inconsistent with, the best interests of the Company and its stockholders, as the audit committee or its chairperson, as applicable, determines in good faith. In the event the Company becomes aware of a related person transaction that has not been previously approved or previously ratified under the policy that is pending or ongoing, it will be submitted to the audit committee or its chairperson, as applicable, which shall evaluate all options, including but not limited to ratification, amendment or termination of the related person transaction, and (if appropriate) any disciplinary actions recommended. No member of the audit committee may participate in the consideration, approval or ratification of any related person transaction with respect to which such member or any of his or her immediate family members is the “related person” or in which he, she or they otherwise have an interest.

ANNUAL REPORT TO STOCKHOLDERS

Our combined 2006 annual report to stockholders and annual report on Form 10-K for the year ended December 31, 2006 accompanies this proxy statement.

STOCKHOLDER PROPOSALS FOR 2008 ANNUAL MEETING

The proxy rules of the SEC permit our stockholders, after notice to the Company, to present proposals for stockholder action in our proxy statement where such proposals are consistent with applicable law, pertain to matters appropriate for stockholder action and are not properly omitted by our action in accordance with the proxy rules. In order for any stockholder proposal to be considered for inclusion in our proxy statement to be issued in connection with our 2008 annual meeting of stockholders, that proposal must be received at our principal executive offices, 121 South 17th Street, Mattoon, Illinois 61938 (Attention: Secretary), no later than December 7, 2007.

Our amended and restated bylaws provide that certain additional requirements be met in order that business may properly come before the stockholders at the annual meeting. Among other things, stockholders intending to bring business before the annual meeting must provide written notice of such intent to the Secretary of the

Company. Such notice must be given not less than 90 days nor more than 120 days prior to the first anniversary of the date on which mailed our proxy materials for the preceding year's annual meeting. In addition, the following information must be provided regarding each proposal: as to each person whom the stockholder proposes to nominate for election as a director, the name, age, business address and, if known, residential address, principal occupation or employment, the class, series and number of shares beneficially owned by such nominee and all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required by Regulation 14A of the Exchange Act, including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected; a brief description of the business desired to be brought before the meeting; the text of any resolution proposed to be adopted at the meeting; and the reasons for conducting such business at the meeting; and a statement of any material interest in such business of such stockholder and the beneficial owner, if any, on whose behalf the proposal is made and, in the case of director nominations, a description of all arrangements or understandings between the stockholder and each nominee and any other persons (naming them) pursuant to which the nominations are to be made by the stockholder.

In addition, the following information must be provided regarding the stockholder giving the notice and the beneficial owner, if any, on whose behalf the proposal is made: the name and address of such stockholder, as it appears on the Company's stock transfer books, and of such beneficial owner; the class, series and number of shares of the Company which are owned beneficially and of record by such stockholder and such beneficial owner; a representation that the stockholder giving the notice is a stockholder of record and intends to appear in person or by a qualified representative at the annual meeting to bring the business proposed in the notice before the meeting; a representation whether the stockholder or the beneficial owner, if any, intends or is part of a group which intends to solicit proxies from stockholders in support of such proposal or nomination; and any other information relating to such stockholder that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to the Exchange Act and the rules and regulations promulgated thereunder.

GENERAL Section 16(a) beneficial ownership reporting compliance

Section 16(a) of the Exchange Act requires our directors and executive officers, and any persons who beneficially own more than 10% of our stock, to file with the SEC initial reports of ownership and reports of changes in ownership of our stock. Such persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. As a matter of practice, our administrative staff assists our executive officers and directors in preparing and filing such reports with the SEC.

To our knowledge, based solely upon a review of filings with the SEC and written representations that no other reports were required, we believe that all of our directors and executive officers complied during 2006 with the reporting requirements of Section 16(a) of the Exchange Act, except that 433 shares of our common stock owned by Ms. Rahe were purchased by her pursuant to an automatic dividend reinvestment plan through her broker during 2005 and 2006 and were reported late due to an inadvertent administrative error.

Other Information

The expenses of preparing and mailing this proxy statement and the accompanying proxy card and the cost of solicitation of proxies, if any, will be borne by us. In addition to the use of mailings, proxies may be solicited by personal interview and telephone and by our directors, officers and regular employees without special compensation therefore. We expect to reimburse banks, brokers and other persons for their reasonable out-of-pocket expenses in handling proxy materials for beneficial owners of our common stock.

Unless contrary instructions are indicated on the proxy card, all shares of common stock represented by valid proxies received pursuant to this solicitation (and not revoked before they are voted) will be voted "FOR" all of the proposals described in this proxy statement.

OTHER MATTERS

Our board does not know of any other matters that are to be presented for action at the 2007 annual meeting. Should any other matter come before the annual meeting, however, the persons named in the enclosed proxy will have discretionary authority to vote all proxies with respect to such matter in accordance with their judgment.
